

From the Director

In this first CAMA Newsletter of 2019 I would like to pay my tribute to Professor Mardi Dungey who passed away on 12 January, after a short but courageous battle with cancer. Mardi was a great friend for more than 30 years and made substantial contributions to society through her research, her supervision of students, her mentoring of junior academics, her many professional contributions to the economics profession and as a wonderful co-author to many people. She was a driving force behind the establishment of CAMA in 2003 and was the inaugural Deputy Director. She will be truly missed.

Warwick McKibbin
Director

New working papers
